

The Big Pedal 2016

From the 18th-29th April, Balby Central took part in the nationwide competition 'The Big Pedal'.

Children in all year groups were encouraged to come to school on their bikes and scooters over a two week period. Every day each class would log their journeys and compete against another 1,680 schools!

Over the two weeks Balby Central logged 782 journeys and had nearly 20% of children travelling to school on their bikes or scooters! Balby Central finished in 934th place. Well done to all who participated! We hope to see more of you travelling to school on your bikes and scooters as we go into the Summer!
